

ASMAA ALMOHAMMADI

Environmental Sciences

+966 508 573 285 | Asmaa.551@hotmail.com | Eastern Province, Saudi Arabia

PROFILE

Environmental Science graduate with a Bachelor's degree, passionate about contributing to the sustainability goals of the Kingdom of Saudi Arabia in alignment with Vision 2030. With two years of hands-on experience in preparing environmental impact assessments, conducting area audits for groundwater well drilling, and developing environmental management plans in accordance with NCEC standards, I am eager to apply my expertise in advancing sustainable practices within the region.
