An ambitious computer engineering student at KFUPM, driven by the fear of being an ordinary human. I am eager to bring my diverse experiences and skills to your Program, contributing to its mission of developing future leaders while improving my ability to drive meaningful change.

Education:

Bachelor of Science in Computer Engineering at King Fahd University of Petroleum and Minerals (Aug 2023 – May 2027)

Saudi Arabia, Dhahran

I am passionately pursuing a computer engineering degree while working to enhance my skill set and industry experience. My current GPA is 2.898.

Experience:

Student Advisory Council Member (Feb 2025 – Present)

Saudi Arabia, Dhahran
- Evaluate and review all student services provided by the university, including housing, transportation, and catering.
- Enhance skills in problem-solving, communication, and collaborative decision-making through active participation in the committee.
- Contribute to the continuous improvement of the student experience by addressing and resolving service-related challenges.

Job Shadower in Tech at Nugttah (Nov 2024 – Nov 2024)

Saudi Arabia, Riyadh
- Successfully completed a 5-day immersive shadowing program with NUGTTAH, gaining hands-on exposure to the tech solutions industry and the job market.
- Engaged with multiple departments to understand their roles and contributions
- Collaborated with a colleague in a team competition to brainstorm and pitch a new feature for the Nugttah app, resulting in a winning proposal.
- Bridged academic knowledge with real-world application, enhancing readiness to impact the job market.
- Gained valuable insights into tech innovation and customer-centric solutions, further fueling my passion as a computer engineering student at KFUPM.

Pre-university Guide at Qimam El-Hayat International School (Sep 2022 - Oct 2022)

Saudi Arabia, Riyadh
- Designed a Notion website for all the sections of the project and presented one of them.
- Used my management skills to work with my colleagues and gather all the information from my team to organize it and add it to the website.

Courses & Certificates:
- Code in Place by Stanford University (Apr 2024 – Jun 2024)
- Intro to ChatGPT and generative AI by 365 Data Science (Jul 2024 – Jul 2024)
- Programming Paradigm Concepts by DataCamp (Aug 2024 – Aug 2024)
- Understanding Data Science by DataCamp (Aug 2024 – Aug 2024)

Extra-curricular Activities:
- Head of the English competitions committee in the Religious Guidance Club (Jan 2025 – Present) KFUPM (Saudi Arabia, Dhahran)
  - I work on making our ideas come true in the best way possible and introducing helpful competitions to our target audience.
- Head of the lectures committee in the Awareness Club (Jan 2025 – Present) ………….. KFUPM (Saudi Arabia, Dhahran)
  - I try to gather the best ideas for lectures to be presented by professors and spread them among the university students.
- Youth Voice (initiatives phase) graduate (Oct 2024 – Dec 2024) …… MISK (Saudi Arabia, Riyadh)
  - I graduated from the initiatives phase (last phase) of the "Youth Voice" that was about teaching us how to apply a community initiative in the real world.
- Youth Voice (debate phase) Winner (Nov 2023 – Dec 2023) ……….. MISK (Saudi Arabia, Al-Ahsa)
  - I got the first rank in "Youth Voice" a regional debate competition by "MISK".
- Excellent Non-academic Transcript (Aug 2023 – Present) ……… KFUPM (Saudi Arabia, Dhahran)
  - I have one of the biggest non-academic transcripts in the university in terms of registered hours and number of activities (more than 100 hours and more than 30 activities).
